

# Create a Git Hub account

The screenshot shows a web browser window with the GitHub sign-up page. The browser's address bar shows the URL: `github.com/signup?source=form-home-signup&user_email=2301031800123%40silveroakuni.ac.in`. The page has a dark theme on the left with the text "Create your free account" and "Explore GitHub's core features for individuals and organizations." Below this is a link "See what's included". The right side of the page is a light gray form titled "Sign up to GitHub". It contains three input fields: "Email" with the value "2301031800123@silveroakuni.ac.in", "Password" with masked characters, and "Username" with the value "pratiksinh0608". Each field has a green checkmark icon to its right. Below the password field is a note: "Password should be at least 15 characters OR at least 8 characters including a number and a lowercase letter." Below the username field is a note: "Username may only contain alphanumeric characters or single hyphens, and cannot begin or end with a hyphen." At the bottom of the form is a dark gray button labeled "Continue >". Below the button is a small disclaimer: "By creating an account, you agree to the [Terms of Service](#). For more information about GitHub's privacy practices, see the [GitHub Privacy Statement](#). We'll occasionally send you account-related emails." The browser's taskbar at the bottom shows the Windows logo, a search bar, and icons for File Explorer, Chrome, WhatsApp, and other applications. The system clock shows 12:52 PM on 30-Jan-25.
